

Public Safety - Animal Control

The West Milford Animal Control Officer (ACO) investigates animal complaints and complaints of cruelty and neglect to dogs and cats. The Animal Control Officer is responsible for the dog and cat licensing program. The ACO also inspects commercial kennels and pet shops, conducts an annual dog and cat census, and routinely patrols the Township looking for stray domestic animals and sick and injured wildlife.

The Animal Control Officer oversees the rabies immunization clinic for cats in the spring and dogs in the fall. Humane traps are available on request.

Linda Resch

Assistant Animal Control Officer
